17. a) On this trip, what did you and your group like most about your visit to Pictured Rocks National Lakeshore?

1 The Beauty + friendliness of people in general

- b) On this trip, what did you and your group like least about your visit to Pictured Rocks National Lakeshore?

1 The State Campground we stayed at

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

1 Better camping closer. Maybe a State one closer. I have never used a National Campground but I understand they are not modern.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

20. Overall, how would you rate the quality of the visitor services provided to you and your group at Pictured Rocks National Lakeshore during this trip? Please circle only one.

1 VERY GOOD GOOD AVERAGE POOR VERY POOR

17. a) On this trip, what did you and your group like most about your visit to Pictured Rocks National Lakeshore?

1 Untraveled scenic beauty

- b) On this trip, what did you and your group like least about your visit to Pictured Rocks National Lakeshore?

1 Tour boats, other campers, bugs

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

1 Partner with private tour boat operators to restrict access to area between Munising and Miner's Castle. Establish non-motorized vehicle zone between Miner's Castle and Au Sable. Partners with private entities to encourage non-motorized use and enjoyment of park resources (rental of kayaks, canoes, skis, snowshoes).

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 Rangers were not extremely helpful - gave no specific advice. Park etiquette and low impact practices should be encouraged and required for group backcountry permits. Mosquito Beach outhouse was convenient, but foul smelling, which encourages less use. Explore composting toilets.

17. a) On this trip, what did you and your group like most about your visit to Pictured Rocks National Lakeshore?

Au Sable Lighthouse Tour - + the hike to it.

b) On this trip, what did you and your group like least about your visit to Pictured Rocks National Lakeshore?

(Boat Tour explained little - needed Naturalist)

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

Allow driving to the Au Sable Lighthouse for handicapped + not-soppable Senior citizens

The best feature is run by private enterprise (seeing rocks from lake) - Can NP compete with Naturalist led tours? (Naturalist on boat)

person in visitor center was informed. I've thought.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

Liked Trails to the Au Sable Lighthouse - However road signs to it + where to park etc. was vague - not too well marked. It was easy to misinterpret where we were + head down wrong road or go around one Hurricane Campground + discover there is another Hurricane campground area. We barely made it to last tour of the day.

17. a) On this trip, what did you and your group like most about your visit to Pictured Rocks National Lakeshore?

SCENERY, ACCESS TO FRESH WATER

b) On this trip, what did you and your group like least about your visit to Pictured Rocks National Lakeshore?

POTATO PATCH CAMPSITE, INSECTS

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

- CONTINUE TO REQUIRE BACKCOUNTRY RESERVATIONS
- MORE TRAIL MARKERS ON THE LAKESHORE TRAIL (EASY TO GET MISDIRECTED ON SANDS)
- REROUTE OR ADD PARKING TO WEST END OF LAKESHORE TRAIL IN LOW/^{HIGH}ERODED AREAS.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

STAFF @ GRAND MARAIS, MINNESOTA CASTLE, + MINNESOTA FALLS VISITOR CENTERS WERE HELPFUL AND VERY FRIENDLY, WHICH WAS MUCH APPRECIATED!

b) On this trip, what did you and your group like least about your visit to Pictured Rocks National Lakeshore?

1 Noise from tour boats

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

1 Detailed map of backpacking trails; often shuttle bus was very helpful - perhaps have one managed by park system.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 Had a great time! Definitely plan on coming back! Thank you!

17. a) On this trip, what did you and your group like most about your visit to Pictured Rocks National Lakeshore?

1 beautiful scenery, well-served wilderness friendly visitors along the trails.

b) On this trip, what did you and your group like least about your visit to Pictured Rocks National Lakeshore?

1 poor trail maps & availability of shuttle back country service

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

1 - printing area maps that are more accurate, rather than just the larger map in the color brochure
 - research costs & benefits of resuming a shuttle service through the park vs. an outside vendor

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 We had a great time!
Many of the backcountry trails were quite overgrown and we wondered if we had taken a wrong turn. The condition of the trails added to our backcountry experience, but since we really weren't sure about our path it added some stress & frustration.

1 Like that its not OVERRUN w/ tourists!

b) On this trip, what did you and your group like least about your visit to Pictured Rocks National Lakeshore?

1 Heat + Rain - but have to deal with it! ☺

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

1 Dont market it to death. Let people find it naturally! When it gets too busy, I'll go somewhere else! Why do we always ruin these places by trying to get more people there?

If people want a place like Mackinaw - go there!

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 We love that the # of camping spaces is limited. It doesnt need to grow! For God's sake - keep it as it is!

1 There was nothing we disliked.

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

1 Since we only visited Munising falls I can only comment on that area. One thing that would be neat would be to be able to go behind the water falls, but not have a lot of unnatural construction. There for this would be a difficult task but none the less, fun.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 We love the area, but we only stopped at Munising falls because we were on our way home from a week of hiking in the Porcupine Mountains. So we would have liked to see more but needed to get home. We did however, spend a full day in the NL area last year and loved everything we did.

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

1 I've backpacked here for 25 yrs, and I feel the
attempts at campsite reclamation don't work. The
new sites are fast proven, and original sites still
eroding. I'd stabilize the original, better sites
with treated timbers, box in specific tent sites,
add stairs etc - it won't look "natural"
but neither does all the erosion and wear.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 - I wish you could ban motorized
watercraft within a specific distance
from shore. Nothing disturbs the
pristine shoreline experience like
power boats, jet skis, etc, and the
ease with which they access backcountry
sites is disconcerting to me hikers,
to say the least.

Scouts send out newsletters nationwide for "wider opps" & many groups just haven't thought of the Rocks as a destination

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

We were in Munising for a wedding. The bride's family provided us with a lot of info on the park + sites to see. Some outings were planned for us by the bride's family. First time any of our group had seen Lake Superior + sites. We enjoyed it all very much.

Keep the park as natural, undeveloped as possible while making access to major points good. Where there are restrooms, make them as good as possible. I think the road system is fine and signage good. Some hiking areas could be better marked - along the dunes near Grand Marais area.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

We love the park and have regularly visited at all times of the year. The natural beauty of the area is always special. We have also gained a special appreciation of Lake Superior + Pictured Rocks from taking the boat tours - many, many people, who cannot hike have gained an appreciation of the park + Lake Superior from the boat tours - don't mess with them - they help educate in many ways.

I would have receptacles specifically designated for cigarette butts, for two reasons:

- 1) To educate those smokers who don't seem to think their cigarette butts qualify as litter or a wildlife hazard.
- 2) Specific bins with 'Cigarettes Only' signs designed to eliminate a fire hazard from smoldering butts.

Most of the butts we collected were at the beginning of trails that led to falls and places like Miners Castle. It seemed people would light up after getting out of their cars, start their walk down the path and drop the butts. I realize there is not always enough park personnel to monitor this problem, but if the public were continually made aware that their litter, however small, not only is a fire and wildlife hazard, but a detraction to the beauty of these natural treasures. I think specific bins are a start.

In general, a big thanks for
making our visit a pleasant
one. We'll be back to take advantage
of the boat tour and 12-mile
lakeshore trail.

I didn't like the dogs barking or the ^{personal} boaters.

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

Attraction going down to the base of miners falls and a better view of the lake by miners falls from the trail. Also, more roads into the points of interest, because with a young family hiking more than 10-2 miles is out of the question.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

I didn't have a lot of time to spend and that was unfortunate, but viewing Miners Castle from the overlook was beautiful. But between the summer walking in and out of the cave, the boaters with their barking dogs and the sea kayakers it was hard to think upon historical or geological importance. Finally, I think there could be more campgrounds in this large park off of more gravel access roads.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 - Campground host not very knowledgeable about programs in area. We had read in the Michigan Outdoor Culture Times brochure that there was a program at 12 mi. Beach 7/30, but there was no info at campground. Asked host + he didn't know + in fact, didn't think there was anything going on. There was -

Patty Clark - Ranger came by w/ info - She was great - Not familiar w/ Host program - It is good to have someone on site who is an informed contact - so that the role?

1 the pit toilets smelled really bad

18. If you were a manager planning for the future of Pictured Rocks National Lakeshore, what would you propose? Please be specific.

1 The only two things we didn't love were the biting flies and smelly toilets. So if I was a manager I would concentrate on solutions to those problems, but I'm told the flies have been a problem since the days of the French explorers and nothing can be done to eliminate them.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 Just that we loved it and want to visit again. Everytime I thought we had seen everything, there was another wonderful surprise. The trail from miners castle to Miners Beach was fabulous. We loved walking on the beach + finding shipwrecks. The whole experience was wonderful. This camping has totally spoiled us.

Nothing else could compare to 12 mile beach.

1 There are many "day use" visitors. Perhaps develop a few more day areas for these visitors at the East end of the park.

Modernize the pit toilets @ Hurricane Door lighting & ventilation. Also sites near them are compromised due to odor.

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 I know this is somewhat conflicting but the Road Quality sucks. This limits use, which is nice but really could be improved with some base work, gravel added, etc, without making it a paved highway.

1 I was impressed with the trails,
the interactive computer info and
the accessibility for handicapped.

One big concern on one of the trails
way high up had low openings in the fence
where a young child might escape out to the
other side easily (but the parents could be trapped
by the fence). A 2 year old on a rock cliff ?? !!
Put some netting, or fencing at the bottom!

19. Is there anything else you and your group would like to tell us about your visit to Pictured Rocks National Lakeshore?

1 We've been visiting this area for 28+ years. Since it became a National Lakeshore, we've lost some freedoms, e.g., camping at any spot, restrictions for dogs, not just on a leash, but taking our dog into certain areas. Can't take our pet on backpack trips anymore. We were even prevented from taking our dog on a snowshoe walk when we were the only people within miles.
