

The White House Grounds and Gardens
2013-2016

Printed on recycled paper

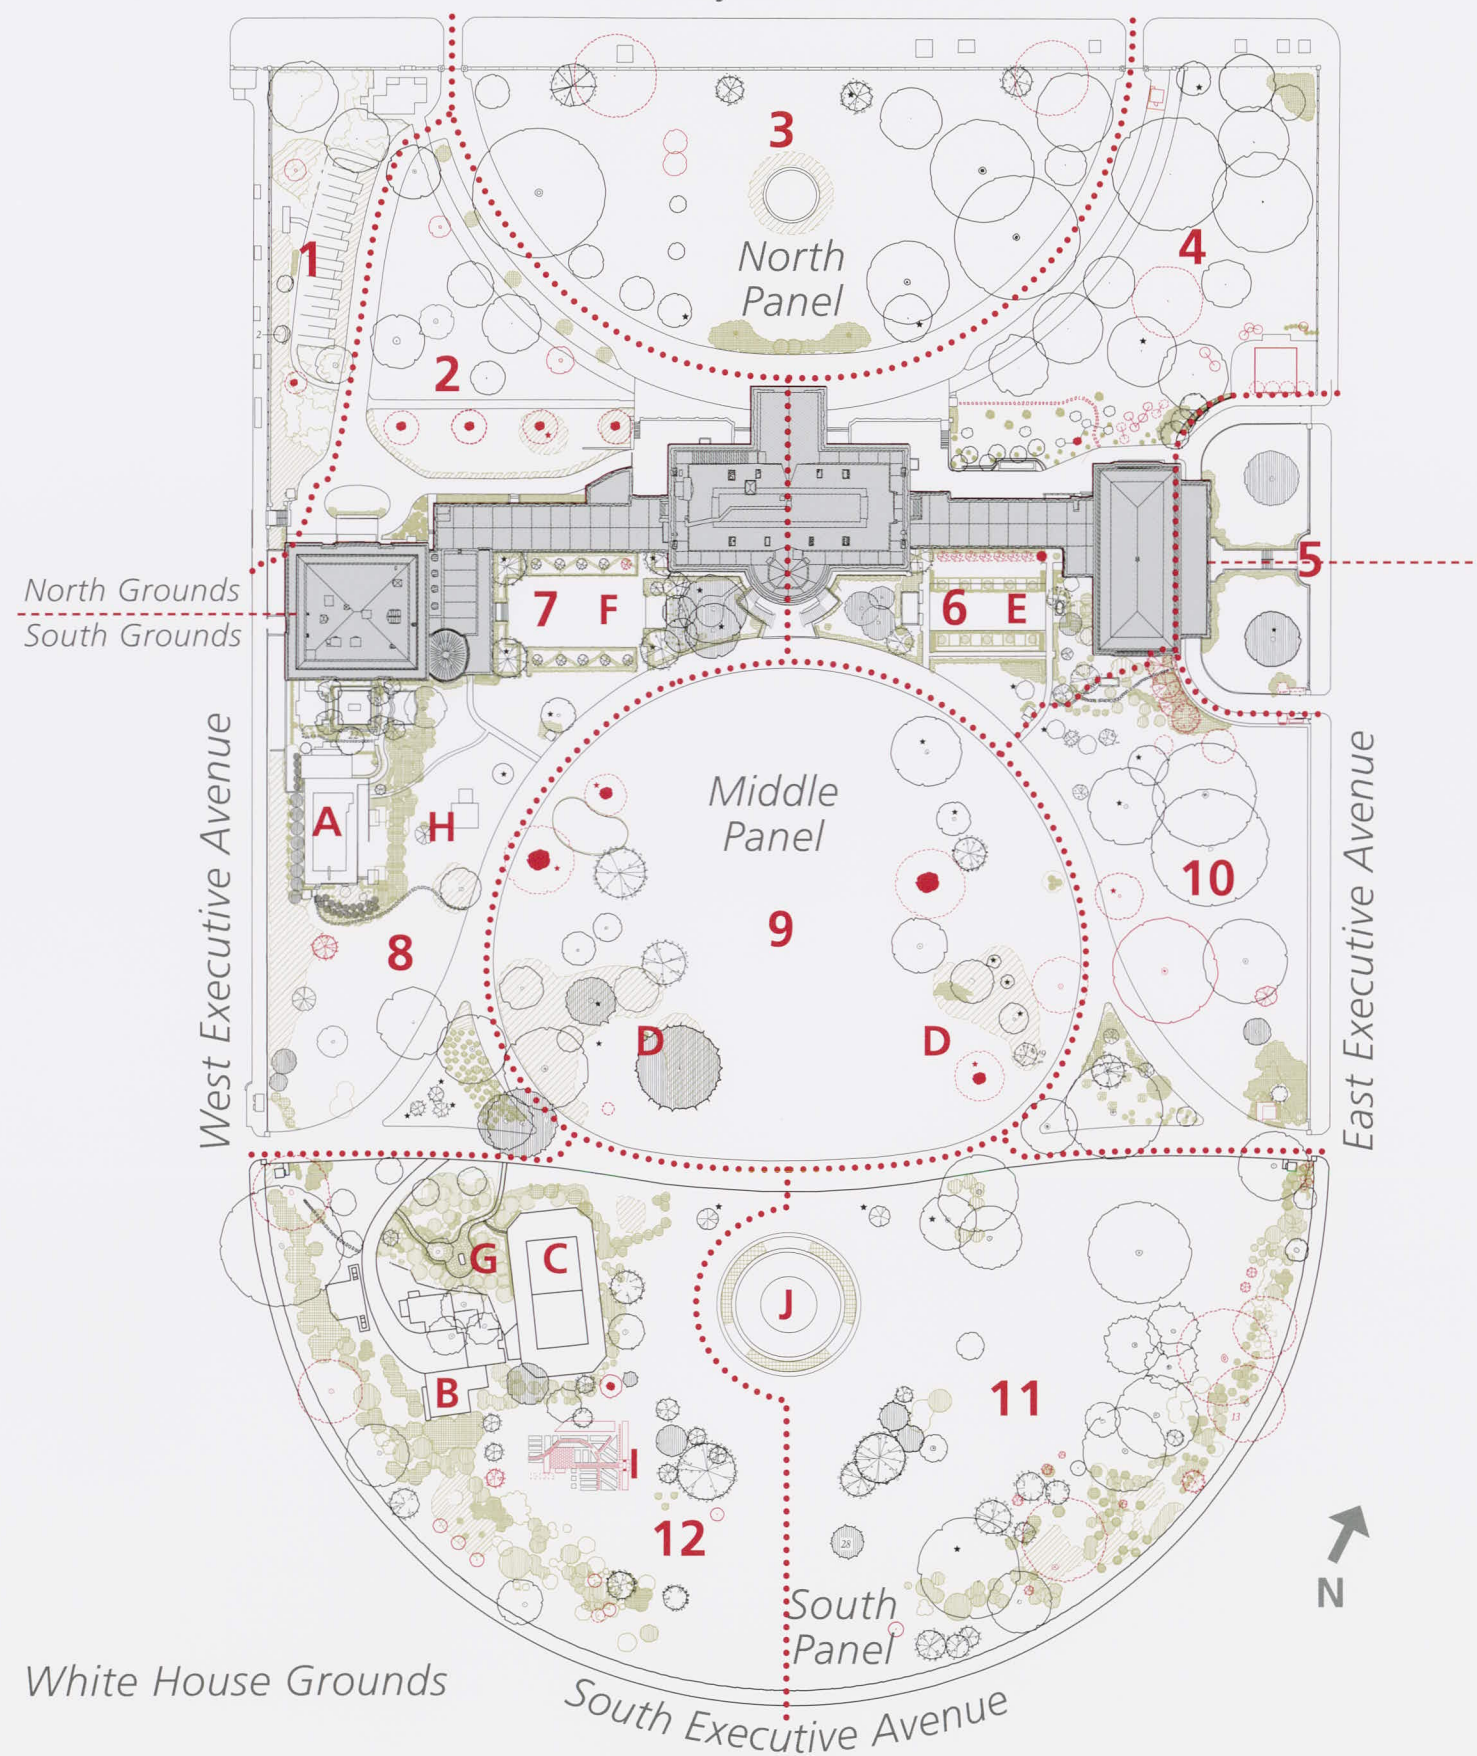

Preface

The White House grounds and gardens are a living monument. The landscape character has evolved through many administrations, covering more than 200 years. These grounds and gardens change with the seasons and are continually improved by human hands.

It is, therefore, important to document for future generations one of the most famous gardens in the world. This booklet records for posterity the image of the White House grounds during 2013-2016, in the second term of the Barack H. Obama administration. It supplements previous volumes published for 1976-1980, 1980-1984, 1984-1988, 1988-1992, 1992-1996, 1996-2000, 2000-2004, 2004-2008, and 2009-2012.

- Broadleaf Deciduous Trees
Elm, oak, maple, chestnut, beech, ash
- Needleleaf Deciduous Trees
Bald cypress
- Flowering Trees
Crabapple, dogwood, magnolia
- Broadleaf Evergreen Trees
Southern magnolia
- Small Ornamental Trees
Japanese maple
- New Tree/Replacement Tree
- New Shrub
- Tree Removed
- Needleleaf Evergreen Trees / Shrubs
Pine, spruce, yew
- Large Broadleaf Evergreen Shrubs
American holly, 'Nellie R. Stevens' holly
- Deciduous Shrubs
Forsythia, viburnum
- Ground Covers
English ivy, wintercreeper

The White House Grounds

2013 - 2016

North Grounds

- 2013 A fern-leaf beech, *Fagus sylvatica* ‘Asplenifolia,’ planted in 1968 by Mrs. Lyndon Johnson, was removed due to declining health. It was replaced in kind in 2014. Section 2/Tree 6
- A white ash, *Fraxinus Americana*, planted before 1900, was removed due to declining health. Section 3/Tree 2
- A silver linden, *Tilia tomentosa*, was planted to replace a European linden, *Tilia x europaea*, that was removed in 2009. Section 3/Tree 4
- A silver linden, *Tilia tomentosa*, was planted to replace one that was removed in 2009. Section 3/Tree 5
- 2014 An American elm, *Ulmus Americana* (JQA Graft*), was brought back to the grounds and replanted since its removal in 2010 due to a General Services Administration construction project. Section 1/Tree 4
- A fern-leaf beech, *Fagus sylvatica* ‘Asplenifolia,’ was planted to replace one removed in 2010 for a General Services Administration construction project. Section 2/Tree 7
- A fern-leaf beech, *Fagus sylvatica* ‘Asplenifolia,’ was planted to replace one removed in 2010 for a General Services Administration construction project. Section 2/Tree 8

- Four tea crabapples, *Malus hupehensis*, planted in 1979 around the A1 gatehouse, were removed for its renovation. They were replaced with three Harvest Gold crabapples, *Malus x ‘Harvest Gold,’* in 2015. Section 4/Tree 30
- 2015 A fern-leaf beech, *Fagus sylvatica* ‘Asplenifolia,’ planted in 1984, was removed due to declining health. It was replaced in kind in 2015. Section 2/Tree 5
- A fern-leaf beech, *Fagus sylvatica* ‘Asplenifolia,’ planted in 2014, was removed due to declining health. It was replaced in kind in 2014. Section 2/Tree 6
- A red maple, *Acer rubrum*, planted before 1900, was removed due to declining health. Section 3/Tree 13
- Three Harvest Gold crabapples, *Malus x ‘Harvest Gold,’* were planted to replace the tea crabapples removed for the A1 Gatehouse renovation. Section 4/Tree 32
- The flowering dogwood trees, *Cornus florida* ‘Appalachian Spring’ and *C. florida* ‘Appalachian Joy,’ were moved to the South Grounds and replaced with kousa dogwoods, *Cornus kousa*. Section 4/Trees 28, 29, and 34

- Two Yoshino cherries, *Prunus x yedoensis*, were planted around the A1 gatehouse. Section 4/Tree 33
- 2016 A New Harmony American elm, *Ulmus americana* ‘New Harmony,’ was planted to replace an American elm, *Ulmus americana*, planted before 1900, that was removed in 2008. Section 1/Tree 7
- A New Harmony American elm, *Ulmus americana* ‘New Harmony,’ was planted to replace the American elm, *Ulmus Americana*, planted in 1975 by Mrs. Gerald Ford and removed in 2012. Section 2/Tree 11
- A Jefferson American elm, *Ulmus americana* ‘Jefferson,’ was planted to replace a hybrid elm, *Ulmus x hybrid* (NPS₃), that came down in a storm in 2012. Section 2/Tree 12
- One of the Centennial star magnolias, *Magnolia stellata* ‘Centennial,’ planted in 2012, was removed and replaced due to lack of vigor. Section 4 /Tree 25
- A tea crabapple, *Malus hupehensis*, planted in 1979 around the A1 gatehouse, was removed due to declining health. It was replaced with a Yoshino cherry, *Prunus x yedoensis*. Section 4/Tree 31

South Grounds

2013 Eight littleleaf lindens, *Tilia cordata*, planted in 2003, were removed for a General Services Administration renovation project. They were replaced in kind in 2014. Section 6/Tree 6

A yellow buckeye, *Aesculus flava*, planted in 1986, was removed due to declining health. Section 9/Tree 8

A white oak, *Quercus alba*, planted in 1931 by President Herbert Hoover, was removed due to declining health. It was replaced with a swamp white oak, *Quercus bicolor*. Section 9/Tree 21

Four saucer magnolia trees, *Magnolia x soulangiana*, planted in 1950, were removed for a construction project. Section 10/Tree 19

A yellow buckeye, *Aesculus flava*, planted in 1979, was removed for a construction project. Section 10/Tree 15

A katsura tree, *Cercidiphyllum japonicum*, planted in 1988, was removed for a construction project. Section 10/Tree 16

Credit: NPS Liaison to the White House, White House Division

2014 Eight littleleaf lindens, *Tilia cordata*, were planted to replace those that were removed for a General Services Administration project in 2013. Section 6/Tree 6.

A scarlet oak, *Quercus coccinea*, planted in 1932, was removed due to declining health. It was replaced with a pin oak, *Quercus palustris*. Section 9/Tree 4

A royal paulownia, *Paulownia tomentosa*, planted in 1989, was removed due to declining health. Section 9/Tree 12

A Patmore ash, *Fraxinus pennsylvanica* 'Patmore,' planted by President George H.W. Bush in 1989, was removed due to declining health. Section 10/Tree 7

A paw paw, *Asimina triloba*, was planted. Section 12/Tree 38

A green ash, *Fraxinus pennsylvanica*, planted before 1900, was removed in 2014 due to declining health. Section 12/Tree 12

A Virginia Beauty apple tree, *Malus* 'Virginia Beauty,' was planted near the Kitchen Garden. Section 12/Tree 18

Credit: NPS Liaison to the White House, White House Division

2015 An American elm, *Ulmus americana* (JQA graft*), planted in 1991 by Mrs. George H.W. Bush, was removed due to Dutch elm disease. Section 9/Tree 10

An American beech, *Fagus grandifolia*, planted before 1900, fell down during a storm. Section 10/Tree 8

A dissected red-leaf Japanese maple, *Acer palmatum* var. *dissectum* *atropurpureum*, was planted. Section 10/Tree 24

Four Appalachian Spring dogwoods, *Cornus florida* 'Appalachian Spring,' were transplanted from the North Grounds to the South Grounds. Section 11/Trees 39, 40, 41, 42

Three Yoshino cherries, *Prunus x yedoensis*, were planted. Section 11/Trees 43, 44, 45

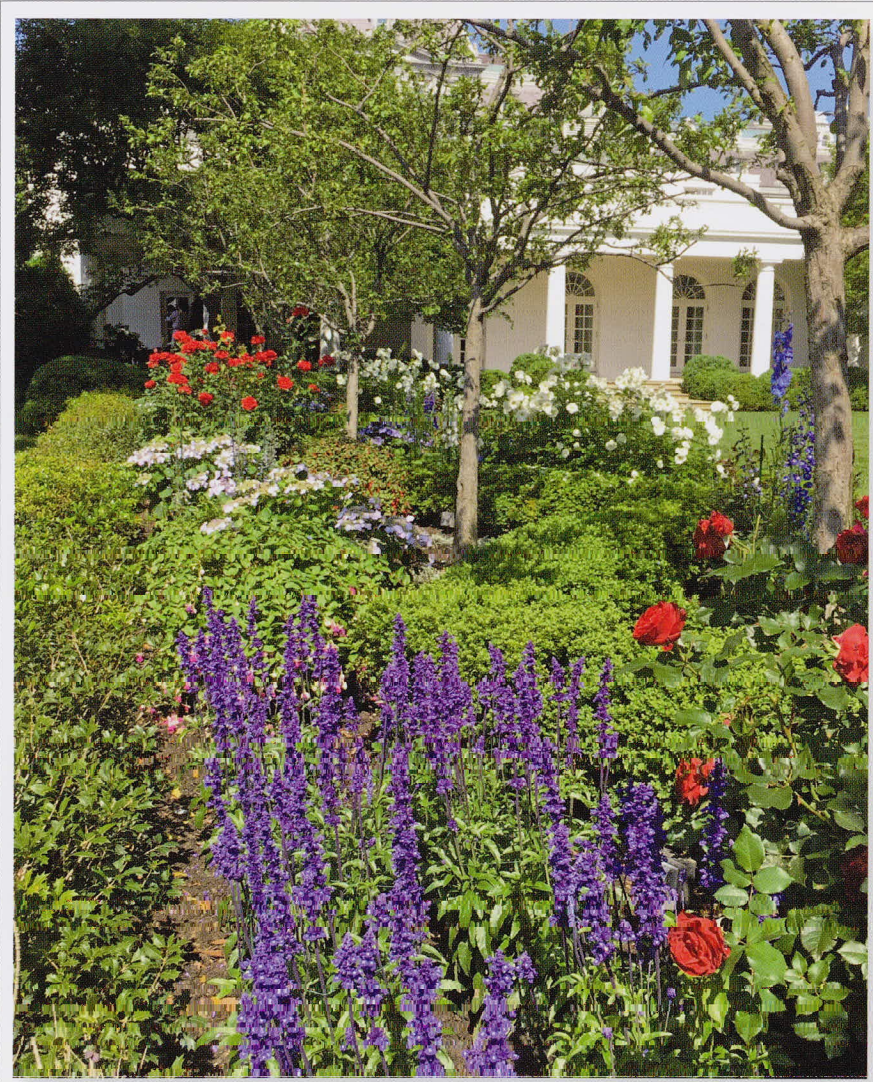

Six Green Giant arborvitae *Thuja* 'Green Giant' were planted near the southeast gate as a screen. Section 11/Tree 46

A red maple, *Acer rubrum*, planted before 1900, fell down in a storm. Section 11/Tree 13

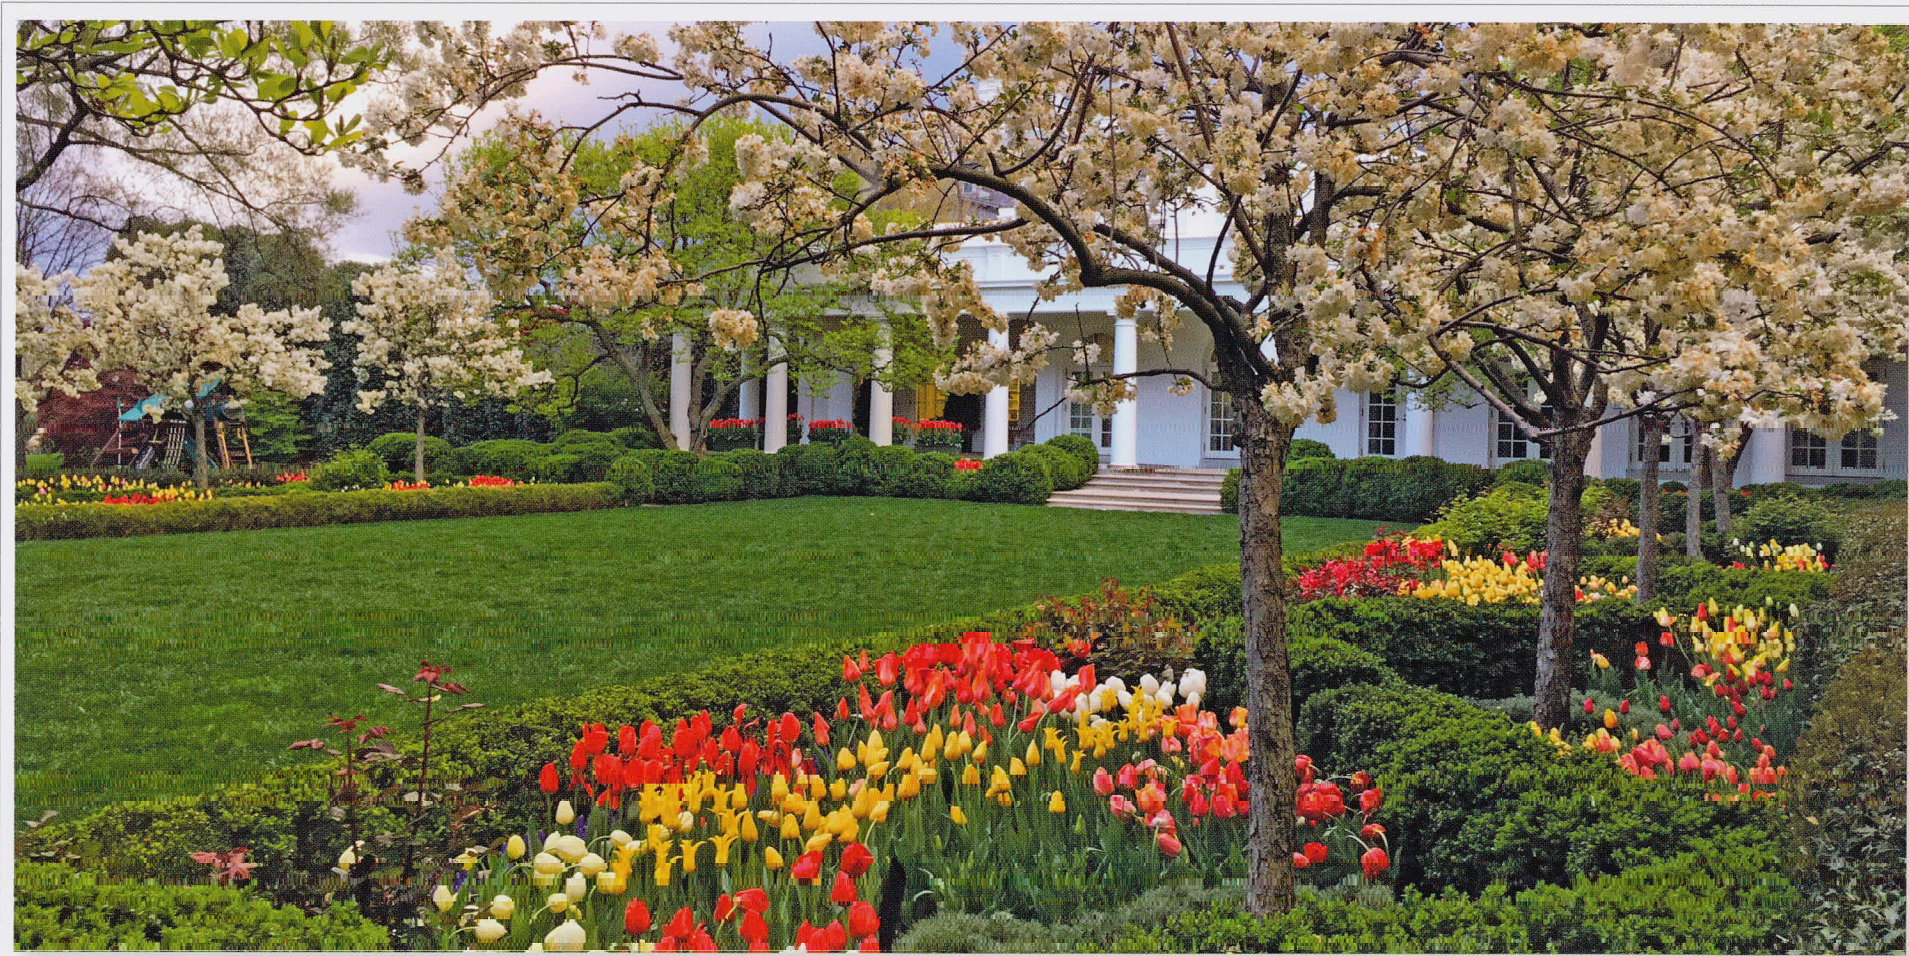

Credit: NPS Liaison to the White House, White House Division

- 2015 A Katherine crabapple, *Malus* ‘Katherine,’ planted in 1963, was removed due to declining health. Section 11/Tree 18
- A green ash, *Fraxinus pennsylvanica*, planted before 1900, was removed due to declining health. Section 12/Tree 4
- Three Appalachian Joy dogwoods, *Cornus florida* ‘Appalachian Joy,’ were planted along the south fence line. Section 12/Trees 34, 35, 36
- A second paw paw, *Asimina triloba*, was planted on the grounds to provide cross pollination for the existing paw paw. Section 12/Tree 39
- A Yoshino cherry, *Prunus* × *yedoensis*, was planted along the fence line in. Section 12/Tree 37

Credit: NPS Liaison to the White House, White House Division

- 2016 A littleleaf linden, *Tilia cordata* ‘Greenspire,’ planted in 2014 in the Jacqueline Kennedy Garden, died and was removed and replaced in kind. Section 6/Tree 6
- An American yellowwood, *Cladrastis kentukea*, was planted near where an English elm, planted before 1900, was removed in 2010. Section 8/Tree 27
- A pin oak, *Quercus palustris*, was planted to replace another pin oak, planted in 2014, that was in poor health. Section 9/Tree 4
- A Valley Forge American elm, *Ulmus americana* ‘Valley Forge,’ was planted to replace the American elm, *Ulmus americana* (JQA graft), planted in 1991 by Barbara Bush and removed in 2015 due to Dutch elm disease. Section 9/Tree 10
- A littleleaf linden, *Tilia cordata*, planted in 2003 by President George W. Bush, was removed due to declining health. Section 9/Tree 22

Credit: NPS Liaison to the White House, White House Division

- A paperbark maple, *Acer griseum*, was planted to replace the littleleaf linden, *Tilia cordata*, planted in 2003 by George W. Bush, that died in 2016. Section 9/Tree 22
- A Chinese chestnut, *Castanea mollissima*, planted in 1943, was removed for a construction project. Section 11/Tree 11
- A Japanese pagoda tree, *Sophora japonica*, planted before 1900, was removed due to declining health. Section 11/Tree 12
- A Japanese pagoda tree, *Sophora japonica*, planted in 1962, was removed due to declining health. Section 11/Tree 22
- A Yoshino cherry, *Prunus* × *yedoensis*, planted in 1989, was removed due to declining health. A downy serviceberry, *Amelanchier arborea* ‘Autumn Brilliance’ was planted to replace it. Section 12/Tree 25
- A Yoshino cherry, *Prunus* × *yedoensis*, was moved in 2016 to the west island bed from the fence line. Section 12/Tree 37

2014

Replace Pavers on the North Grounds

The limestone pavers on the North Grounds surrounding the North Portico were installed in 2001. Over the years, weathering and heavy traffic took their toll and the pavers were deteriorating to the point where they were unsightly and uneven. In 2013, the pavers were replaced with limestone pavers cut from the same quarry as the original stone, in keeping with the historic appearance. However, the new pavers proved to be of a softer stone than the original and would not stand the elements and accommodate the traffic.

In 2014 the limestone pavers were replaced with granite pavers; giving a similar look, but providing a much stronger stone to tolerate the elements and accommodate the traffic.

Credit: NPS Liaison to the White House, White House Director

Pollinator Garden

At the request of the Administration a pollinator garden was added in the area of the White House Kitchen Garden. The 200-square-foot garden features plants native to the Mid-Atlantic region that support native pollinators and honeybees along with an emphasis on plants needed by monarch butterflies. Shrub species that are known to be a good source of food for pollinators were also added in the shrub borders around the area.

Pollinator Garden Plant List

- Amsonia tabernaemontana*, blue star
- Andropogon virginicus*, broomsedge
- Asclepias incarnata*, swamp milkweed
- Asclepias tuberosa*, butterfly weed
- Asimina triloba*, pawpaw
- Aster divericatus* 'Eastern Star,' white wood aster
- Aster lateriflorus* 'Lady in Black,' calico aster
- Ceanothus americanus*, New Jersey tea
- Chelone glabra*, turtlehead
- Clethra alnifolia* 'Paniculata,' sweet pepperbush
- Coreopsis verticillata* 'Moonbeam,' three-lobed coreopsis
- Eupatorium dubium* 'Little Joe,' Joe Pye weed
- Eragrostis spectabilis*, purple lovegrass

Credit: NPS Liaison to the White House, White House Director

- Euphorbia corollata*, flowering spurge
- Helenium* 'Dancing Flames,' sneezeweed
- Helianthus salicifolius* 'First Light,' willowleaf sunflower
- Heliopsis helianthoides*, smooth oxeye
- Liatris spicata*, dense blazing star
- Lindera benzoin*, spicebush
- Lobellia cardinalis*, cardinal flower
- Monarda fistulosa*, wild bergamont
- Panicum virgatum* 'Shenendoah,' switchgrass
- Penstemon digitalis*, beardtongue
- Phlox maculata* 'Natascha,' summer phlox
- Phlox paniculata* 'Laura,' garden phlox
- Pycnanthemum muticum*, short-toothed mountain mint
- Rudbeckia fulgida* var. *fulgida*, black-eyed Susan
- Rudbeckia laciniata*, cutleaf coneflower
- Schizachyrium scoparium* 'Prairie Blues,' little bluestem
- Silene virginica*, fire pink
- Solidago rugosa* 'Fireworks,' goldenrod
- Solidago serotina*, Shion's goldenrod
- Vernonia noveboracensis*, New York ironweed

2014 – 2015

Restoration of the North Grounds Historic Fence

The fence surrounding the White House grounds spans approximately 3,280 feet and is composed of an ornamental iron picket fence atop a short stone base that, in total, stands 7 to 8 feet tall. It consists of approximately 366 fence panels, 11 pedestrian gates, 6 vehicular gates, and 20 masonry piers, dating to the early 19th century, that flank the gates at various locations. Damage, repairs, and alterations have occurred during many presidential administrations. The overall condition of the fence varies and suffers deterioration on all elements, including the ironwork, coping stones, base stones, gates, metal hardware, and masonry piers.

A 2010 report documented all the needed repairs. In early 2012, the National Park Service Historic Preservation Training Center started the restoration process. In 2014 through 2015 they restored the North Grounds Historic Fence. Sections of the metal fence were removed and taken to an off-site facility to remove paint and rust, provide repair, and replace damaged and missing components. While the metal fence was off-site, the stone base was repaired, using a Dutchman repair and other methods of preservation treatment.

Reconstruct East Executive Avenue and Southeast Gatehouses and Restore Gates

As a part of an ongoing effort by the US Secret Service to upgrade facilities at the White House, the gatehouses on East Executive Avenue and the South Grounds southeast were replaced. The new structures' overall architectural style, appearance, materials, and finishes are consistent with the Commission of Fine Arts' approved design established for the site. The booths are clad with Indiana limestone with a base plinth of carnelian granite. The roof material is a standing seam terne-coated stainless steel. The gatehouse on the South Grounds was moved to the north side of the roadway. While the gatehouses were under construction, the fence gates were removed and sent off-site for restoration. The gates were stripped, repaired, repainted, and re-installed.

2015

Replace North Portico Pavers and Create New Accessible Ramp

The elements had taken their toll on the marble pavers on the White House North Portico. The pavers were cracked and stained, and repaired many times over the years. Also, the marble finish posed a slipping hazard. The original portico did not have an accessibility ramp and a metal ramp was used for this purpose for many years. To solve both of these issues a new portico, with an accessibility ramp, was installed using granite cut from the same quarry as the granite surrounding the portico that was installed in 2014.

2015 – 2016

Reconstruct North Grounds Gatehouse

The gatehouse on the North Grounds was replaced as a part of the ongoing effort by the US Secret Service to upgrade facilities at the White House. The new structure’s overall architectural style, appearance, materials, and finishes are consistent with the Commission of Fine Arts’ approved design established for the site. As with the other gatehouses, the booth is clad with Indiana limestone with a base plinth of carnelian granite. The roof material is a standing seam terne-coated stainless steel.

2016

Kitchen Garden Legacy Project

In October, First Lady Michelle Obama formally dedicated the White House Kitchen Garden after an update and expansion. The garden expansion was designed through a collaborative effort involving the Office of the First Lady, the National Park Service, and the University of Virginia School of Architecture’s Department of Landscape Architecture. The garden has been expanded from the original layout to include a new patio with seating area and reconfigured planting beds so that the patio area is surrounded by the garden. A formal garden entrance, complete with an arbor made from reclaimed white oak, walnut, cherry, longleaf pine, western red cedar, and cypress wood, was added on the east side of the garden. Through the arbor, a new accessible walkway was created to provide access to the heart of the garden and a new patio and gathering space with a table and benches. The table and benches were designed and created specifically for the Kitchen Garden, using reclaimed wood from all over the United States, including some significantly historic sites. Many sites were former presidents’ homes including those of Thomas Jefferson, James Madison, and James Monroe. Other wood is reclaimed from iconic American places including the Heinz Pickle factory and a Napa Valley, California, vineyard. One piece came from the birthplace of Martin Luther King, Jr.

Jacqueline Kennedy Garden

Jacqueline Kennedy and Rose Gardens

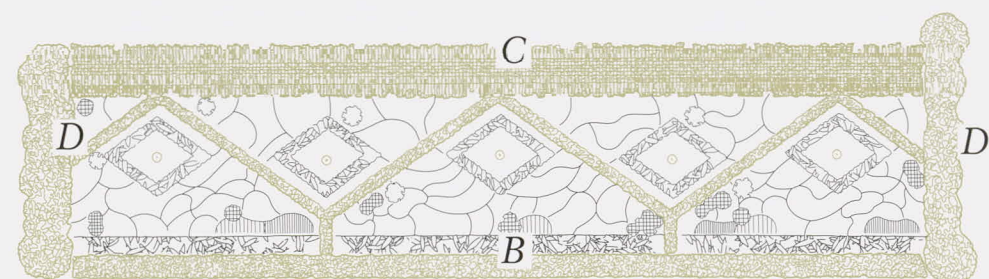

Key Plantings

A	JACKSON SOUTHERN MAGNOLIAS	<i>Magnolia grandiflora</i>	1829-1837
B	J. F. KENNEDY SAUCER MAGNOLIAS	<i>Magnolia × soulangiana</i>	1962
C	KATHERINE CRABAPPLES	<i>Malus 'Katherine'</i>	2003
D	LITTLELEAF LINDENS	<i>Tilia cordata</i>	2003
E	AMERICAN HOLLIES	<i>Ilex opaca</i>	1963
F	WINTER KING HAWTHORN	<i>Crataegus viridis 'Winter King'</i>	1994
G	HOLLY OSMANTHUS	<i>Osmanthus heterophyllus</i>	1996
H	SOUTHERN MAGNOLIAS	<i>Magnolia grandiflora</i>	1952
I	SAUCER MAGNOLIA	<i>Magnolia × soulangiana</i>	1963

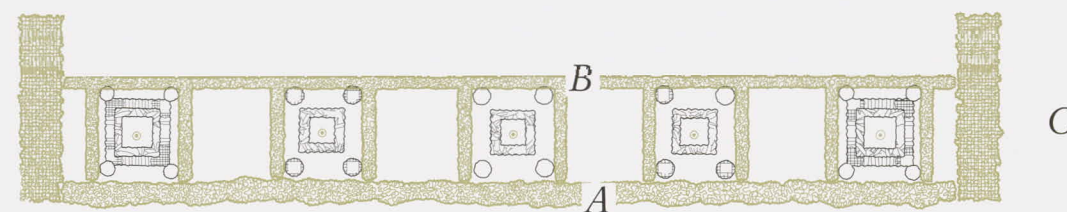

Garden Ornaments

J	PERGOLA	Architect, I. M. Pei	1965 (Rebuilt 1993)
K	TRELLIS AND WINDOW		1982
L	SCULPTURE	Artist, Sylvia Shaw Judson	1965
M	POOL		1965
N	BENCHES	Fillmore Administration	1852
O	FURNITURE	Gift of Amelia Riggs	1973
P	ORNAMENTAL STONE BENCHES		Pre -1900

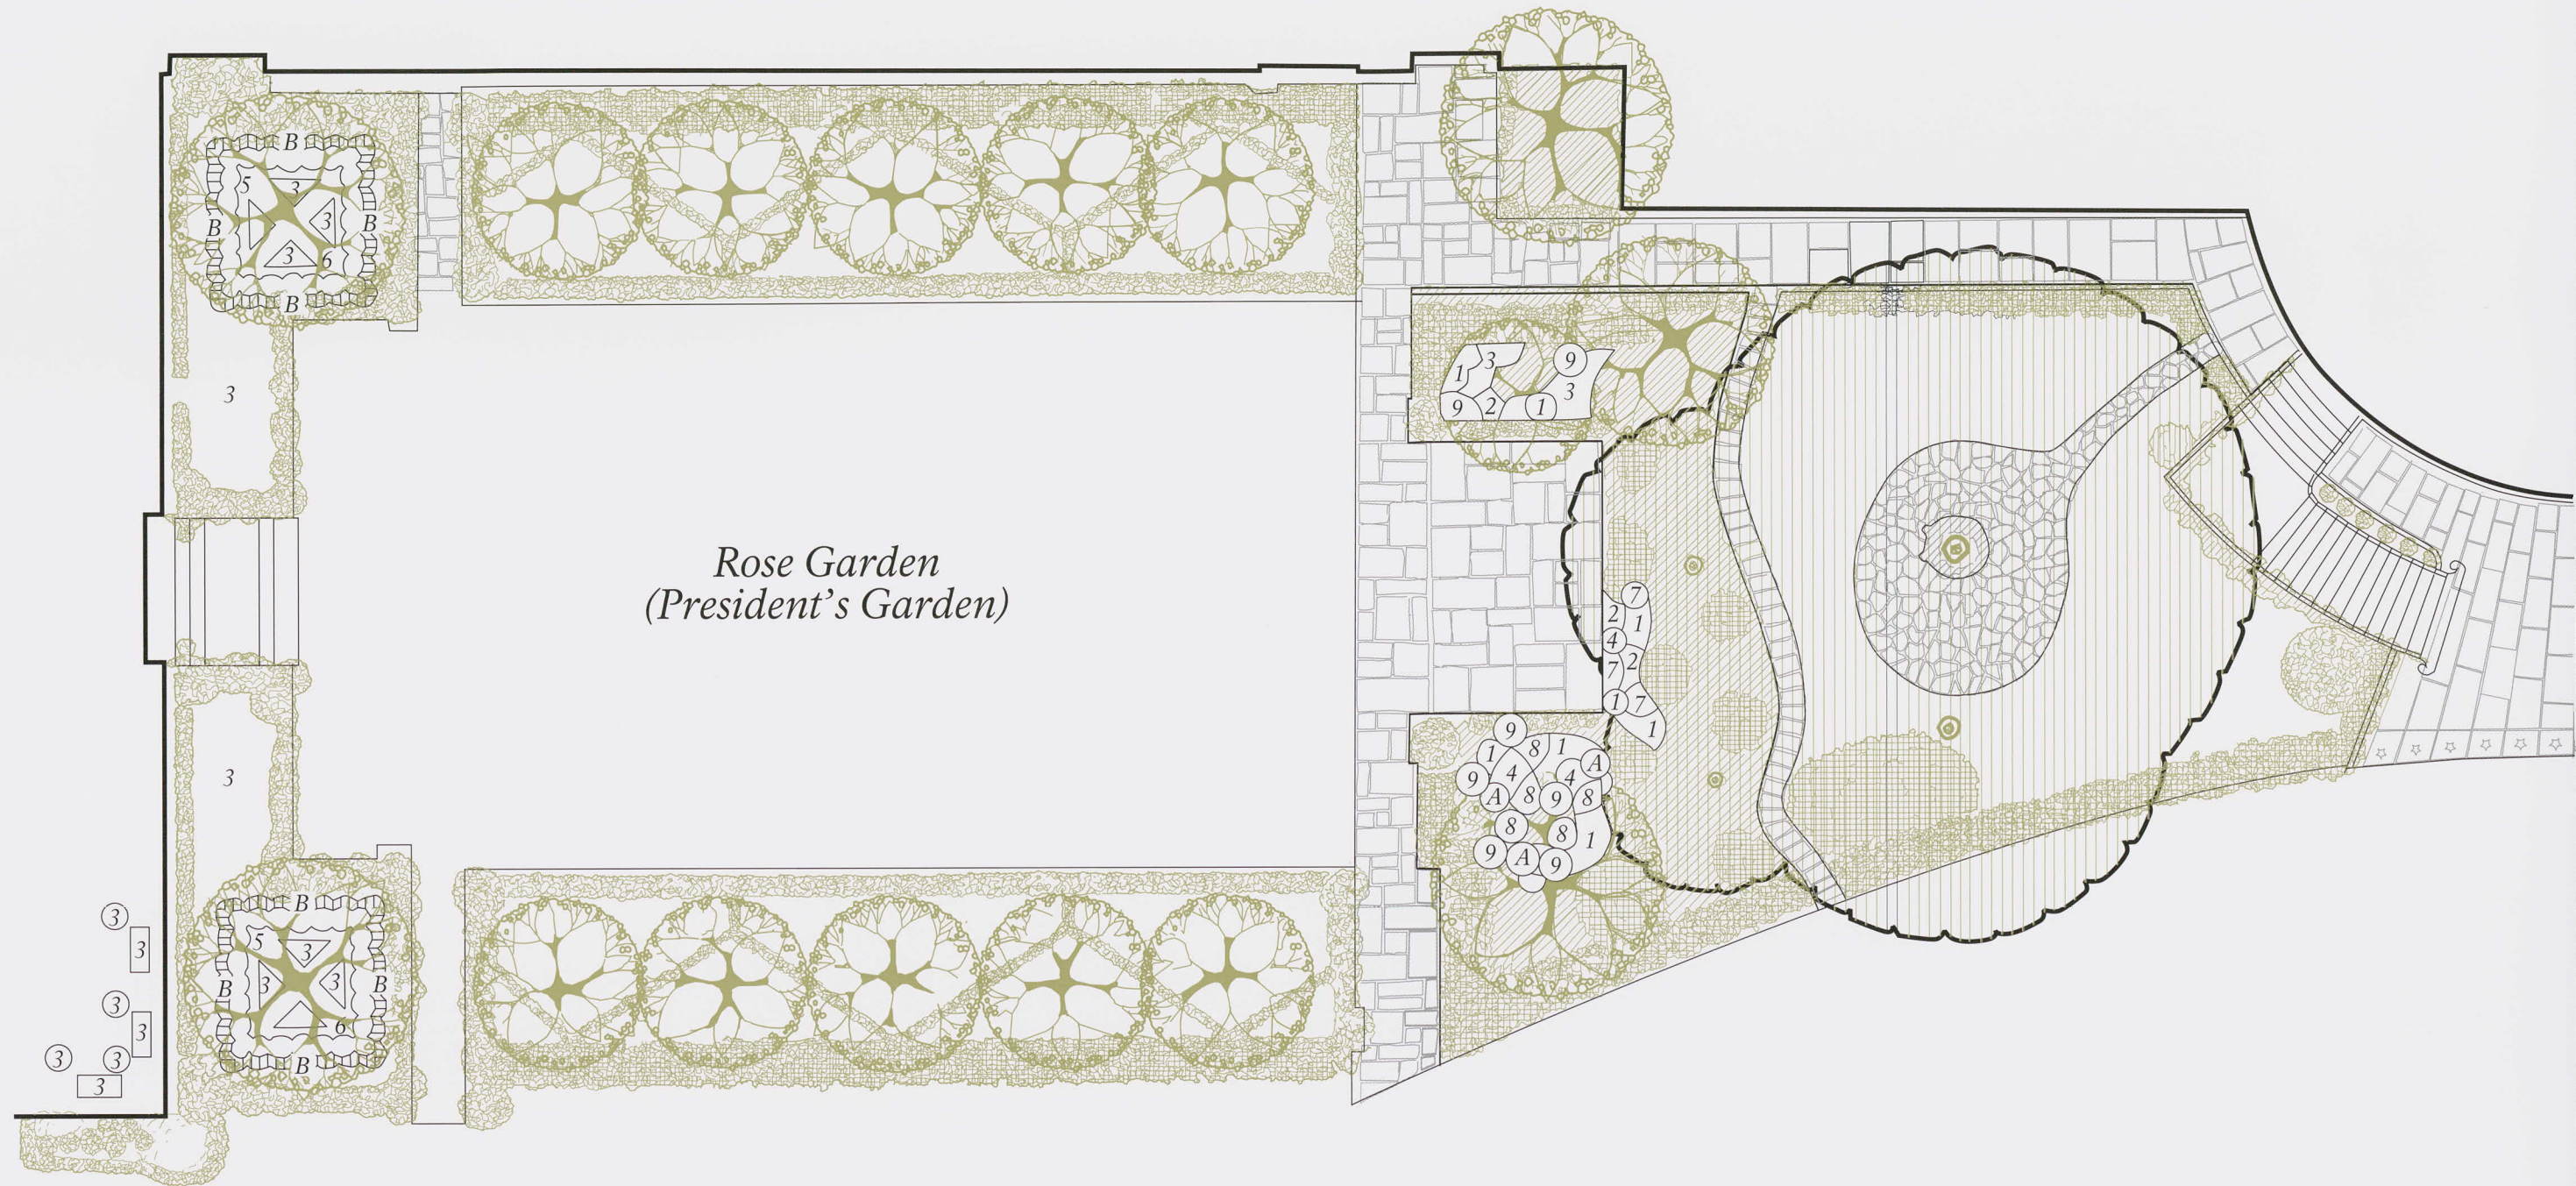

Hedge and Border Plantings

A	GREEN PILLOW BOXWOOD	<i>Buxus microphylla 'Green Pillow'</i>
B	JUSTIN BROUWERS BOXWOOD	<i>Buxus sinica var. insularis 'Justin Brouwers'</i>

Hedge and Border Plantings

C	HOLLY OSMANTHUS	<i>Osmanthus heterophyllus</i>
D	TRUE DWARF BOXWOOD	<i>Buxus sempervirens 'Suffruticosa'</i>

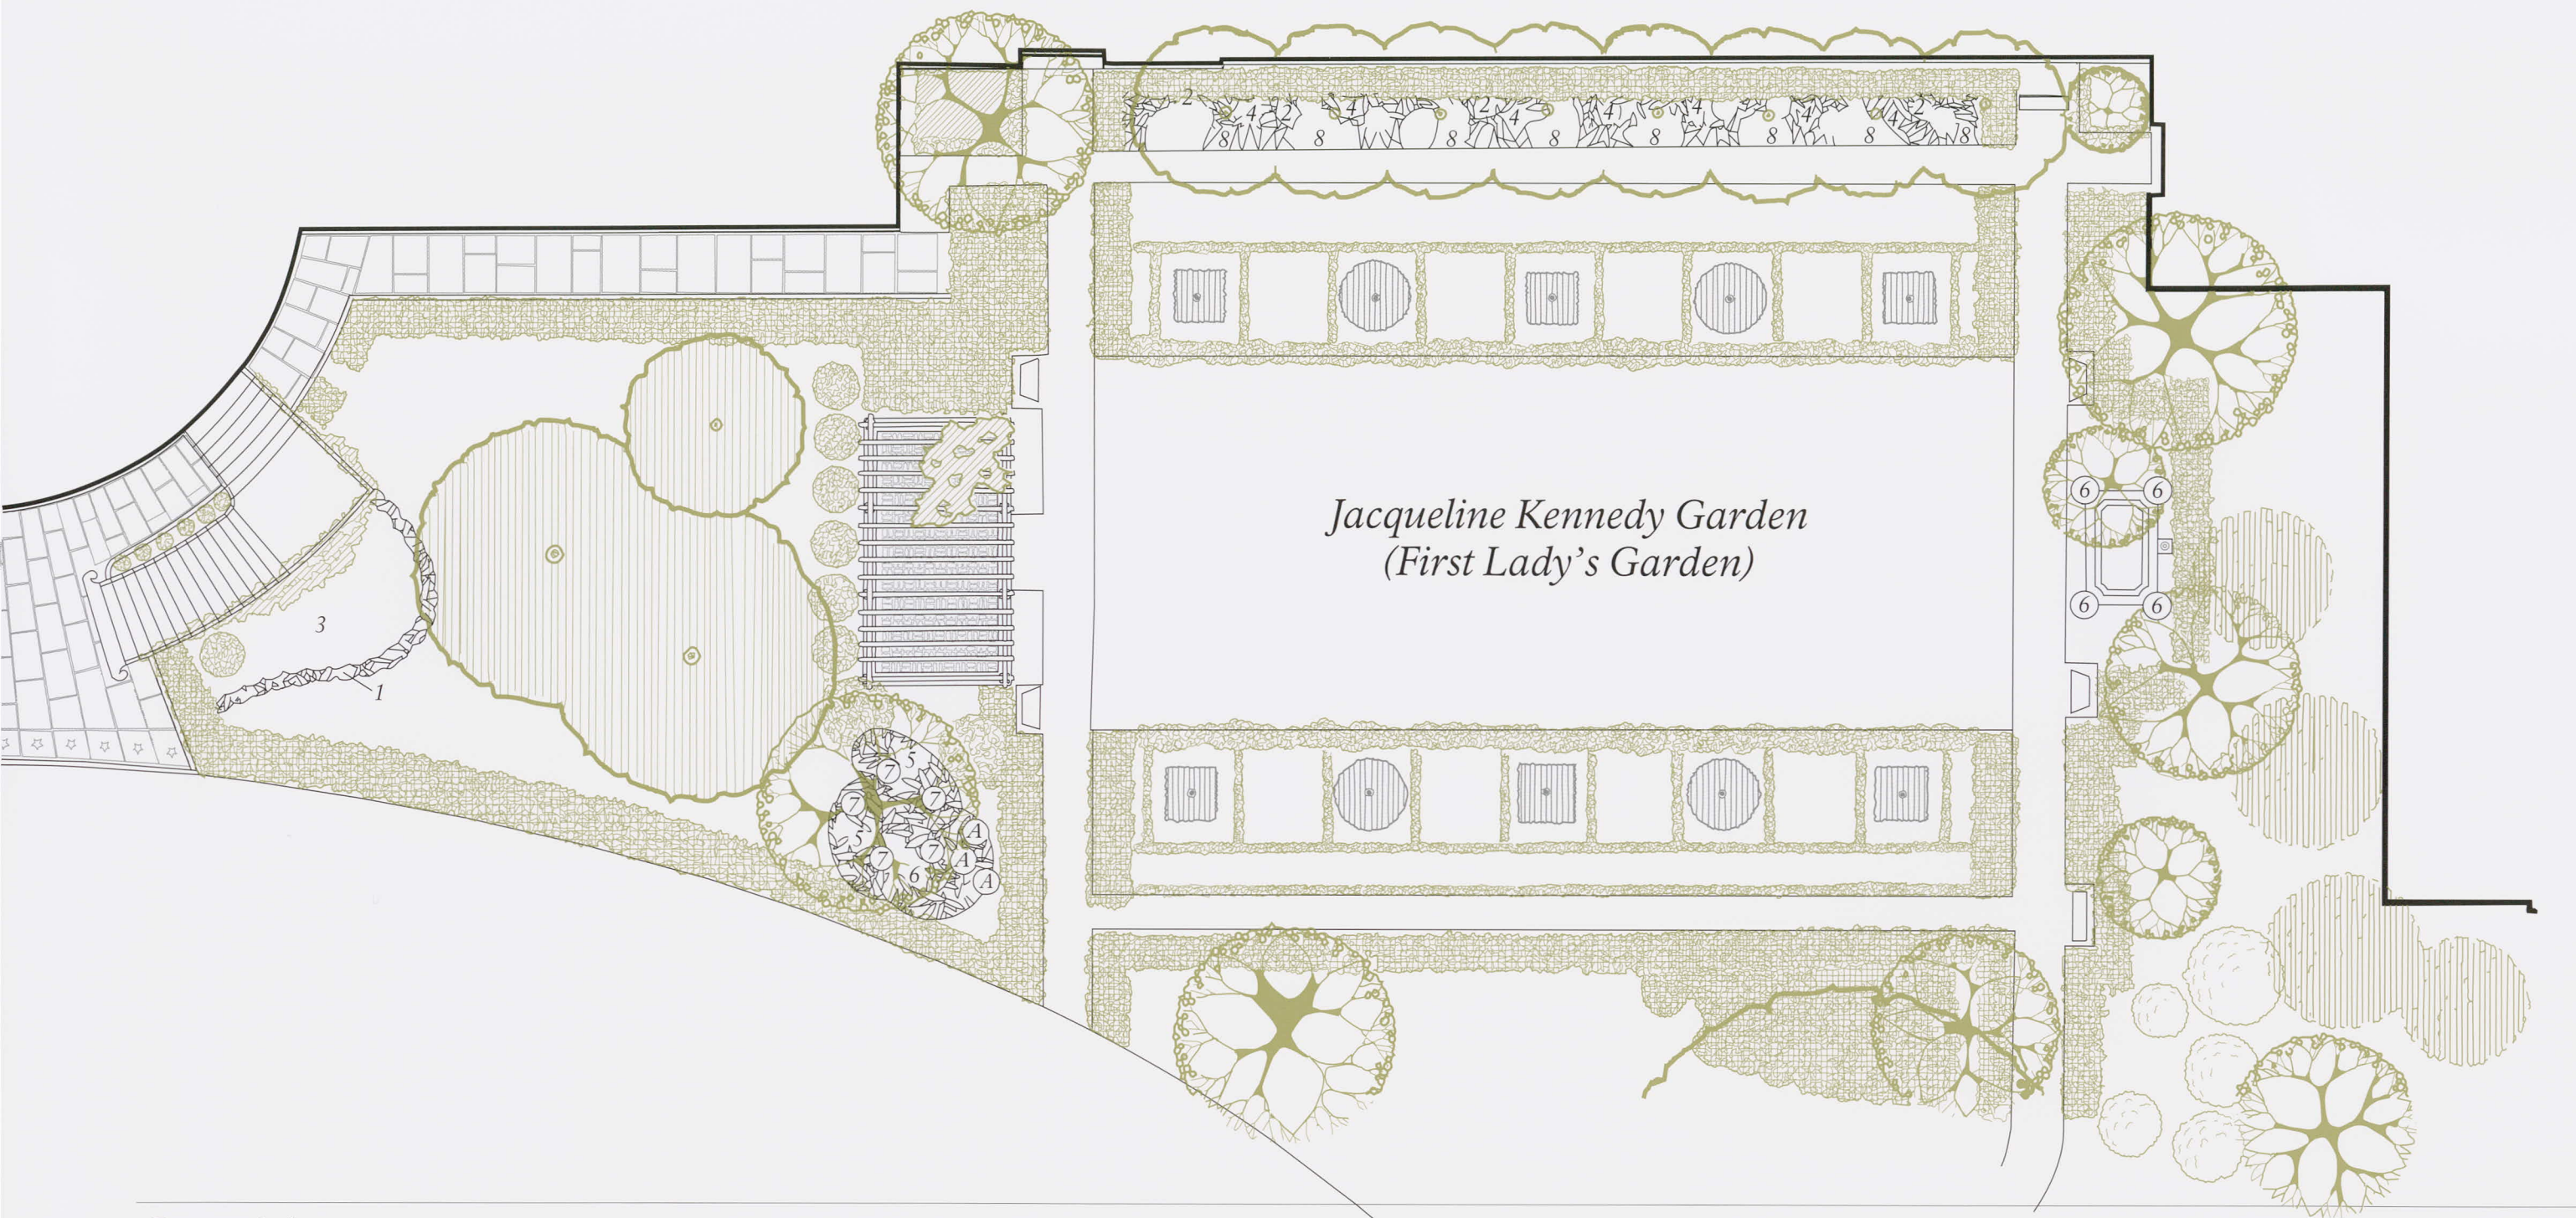

Perennials

A	PLANTAIN LILY	<i>Hosta sieboldiana</i> 'Elegans'	White spikes	July-August
B	LIRIOPE	<i>Liriope spicata</i> 'Big Blue'	Blue spikes	August-October

Seasonal Plantings

1	CROWN IMPERIAL	<i>Fritillaria imperialis</i> 'Rubra'	Orange	April-May	6	WHITE PANSY	<i>Viola × wittrockiana</i> 'Crown White'	White	March-April
2	KAUFMANNIANA TULIP	<i>Tulipa kaufmanniana</i> 'Shakespeare'	Rosy red	Early April	7	DARWIN HYBRID TULIP	<i>Tulipa</i> 'Ivory Floradale'	Ivory	April
3	DARWIN HYBRID TULIP	<i>Tulipa</i> 'Oxford'	Scarlet red	April	8	BLUSHING BEAUTY	<i>Tulipa</i> 'Blushing Beauty'	Light coral, edged in yellow	May
4	GREIGII TULIP	<i>Tulipa greigii</i> 'Red Riding Hood'	Scarlet	April-May	9	ORNAMENTAL ALLIUM	<i>Allium</i> 'Purple Sensation'	Dark Purple	May-June
5	BLUE PANSY	<i>Viola × wittrockiana</i> 'Crown Blue'	Deep blue	March-April					

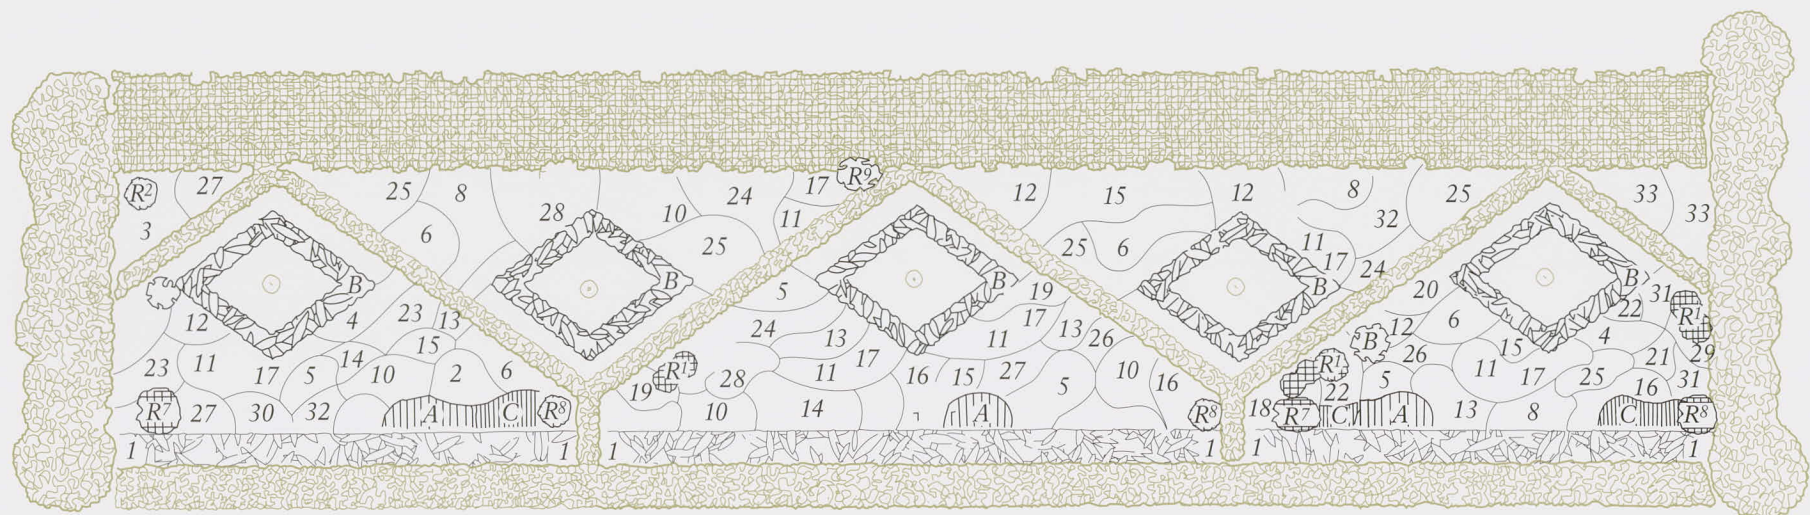

Perennials

A	PLANTAIN LILY	<i>Hosta sieboldiana</i> 'Elegans'	White spikes	July-August
---	---------------	------------------------------------	--------------	-------------

Seasonal Plantings

1	DARWIN HYBRID TULIP	<i>Tulipa</i> 'Oxford'	Scarlet red	April-May	5	MAXIM MARINA PANSY	<i>Viola x wittrockiana</i> 'Maxim Marina'	Blue/white	March-April
2	GUDOSHNIK TULIP	<i>Tulipa</i> 'Gudoshnik'	Yellow/red/variegated	April-May	6	MUSCARI LATIFOLIUM	<i>Muscari latifolium</i>	Light blue / dark blue	April-May
3	GRAPE HYACINTH	<i>Muscari armeniacum</i>	Violet-blue	April-May	7	ORNAMENTAL ALLIUM	<i>Allium</i> 'Ambassador'	Dark Purple	June
4	DARWIN HYBRID TULIP	<i>Tulipa</i> 'Jewel of Spring'	Cream, red edge	April-May	8	ORNAMENTAL ALLIUM	<i>Allium</i> 'Globemaster'	Purple	June

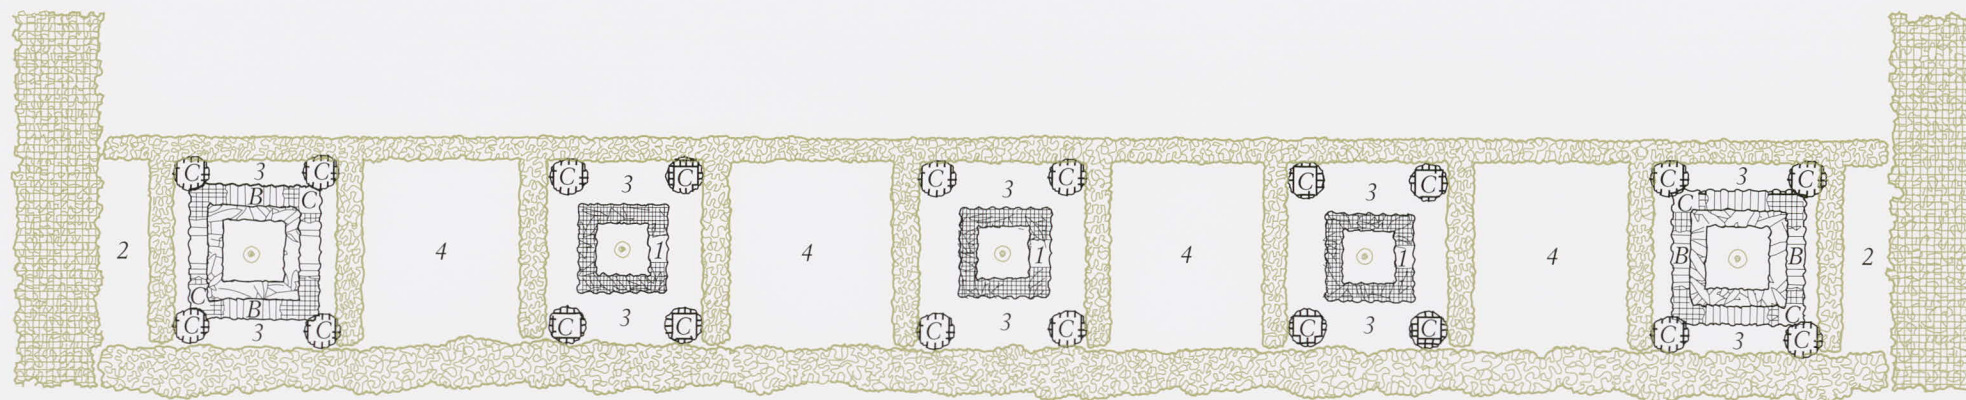

Perennials and Roses

A	YELLOW/RED PANSY	<i>Viola</i> × <i>wittrockiana</i> 'Crown Yellow'	Yellow	March-April
